<http://www.chichester.gov.uk/dataprotectionandfreedomofinformation>.

3. To which part of the SPD does this representation relate?

Section  
Title

4.0 Planning Contributions – The impact of development on the A27  
Chichester Bypass

4. Please indicate if you wish to:

(a) Support

(b) Object

(c) Comment

Please tick as appropriate

5. Please use this box to provide a short explanation for your response

The proposal to establish a fixed contribution for all residential development in the area to the south of the National Park boundary, irrespective of the impact of the development on the A27 is effectively a tax on development and wholly unacceptable.

Continue on a separate sheet /expand box if necessary

6. Please provide details of any modification(s) you would like the Council to consider. Please be as precise as possible.

The basis for seeking contributions must be amended to reflect the structure of cost and impact of development akin to the existing Planning Obligations and Affordable Housing SPD produced in 2016 whereby the contribution sought should be based on the proportionate traffic generation and impact on the A27 Chichester bypass for each development site. This would then be used to determine an equitable development contribution.
