

Representation Form

Local Plan Review: Preferred Approach Consultation

The consultation on the Local Plan Review: Preferred Approach will run from 13 December 2018 to 7 February 2019. The document and more information on the consultation can be viewed on our website www.chichester.gov.uk/localplanreview

All comments must be received by 11.59 pm on Thursday 7 February 2019.

There are a number of ways to make your comments:

- Comment on the document on the internet using our online consultation website www.chichester.gov.uk/localplanreview (**Recommended**)
- Complete this form on your computer and email it to us at planningpolicy@chichester.gov.uk
- Print this form and post it to us at: Planning Policy Team, Chichester District Council, East Pallant House, 1 East Pallant, Chichester, West Sussex, PO19 1TY

How to use this form

Please complete Part A in full. Please note anonymous comments cannot be accepted, a full address including postcode must be provided.

Please complete Part B overleaf, using a new form for each separate policy or paragraph that you wish to comment on. Please identify which paragraph your comment relates to by completing the appropriate box.

For more information, or if you need assistance completing this form, please contact the Planning Policy Team by email at planningpolicy@chichester.gov.uk or telephone 01243 785166.

PART A	Your Details	Agent's Details (if applicable ¹)
Full Name	Ms Rebecca Newman	Paul White
Address	C/o agent	Genesis Town Planning 26 Chapel Street Chichester West Sussex
Postcode		PO191DL
Telephone		01243 534050
Email		paul@genesistp.co.uk
Organisation (if applicable)		
Position (if applicable)		

Is this the official view of the organisation named above? Yes ☒ No ☐

¹ Where provided, we will use Agent's details as the primary contact.

PART B

Please use a new form for each representation that you wish to make. Please note anonymous comments cannot be accepted. Any personal information provided will be processed by Chichester District Council in line with the General Data Protection Regulations 2018. More information is available at:

<http://www.chichester.gov.uk/dataprotectionandfreedomofinformation>.

To which part of the document does your representation relate?

The 'tests of soundness' for Local Plan preparation are set out in paragraph 35 of the NPPF2. They require the 2016-35 Local Plan to have been:

- **Positively prepared** – providing a strategy which, as a minimum, seeks to meet the area's objectively assessed needs; and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and is consistent with achieving sustainable development;
- **Justified** – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- **Effective** – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- **Consistent with national policy** – enabling the delivery of sustainable development in accordance with the policies in this Framework.

We will deal with the tests more thoroughly in the next Submission Plan but at this stage our headline comments cover the following policies of relevance to Hunston:

Settlement Hierarchy (S2), Housing Need (S4), Parish Housing Sites (S5) and Countryside (S24).

Policy S2 – Settlement Hierarchy

The Settlement Hierarchy background paper provides justification for the hierarchy in Policy 2 of the Local Plan. It forms the basis for the proposed distribution of growth by distinguishing between those settlements considered to be the most sustainable having the best range of facilities and accessibility from those with the least. Most development is focused on the former and development to meet local needs or no development whatsoever on the latter. We agree that Hunston is properly classified as a service village in the hierarchy.

Policy S4 – Meeting Housing Needs

The identified housing need has been informed by GL Hearn's Chichester Housing and Economic Development Needs Assessment (January 2018)

The Assessment confirms the objectively assessed need (OAN) is capped at 40% above the adopted housing requirement. The Local Plan was adopted on the basis of approximately 435 dpa. Capping the OAN to 40% above the adopted figure gives Chichester a housing need of 609 dpa. The Plan actually provides for 12,350 dwellings over a 19 year period equivalent to 650dpa to meet the 609dpa plus 41dpa which are unable to be met within the District part of the National Park.

Whilst we understand the need assessment has been carried out in accordance with the standard method set out in PPG we suggest it has potential flaws as the 435dpa in the adopted plan already fails to meet need. It should also consider the un-met needs of other adjoining authorities not just the National Park.

Out of the total 12,350 dwellings, 4,400 or 35% are proposed as new strategic allocations. Given this significant reliance on large sites and the potential longer lead in times for housing delivery we therefore suggest the plan includes a trajectory for them especially as this would better comply with Paragraph 73 of the NPPF2.

In meeting need S4 includes a 'windfall small sites allowance' of 695 dwellings and a Parish sites allowance of 500 dwellings. They are both an important land supply component as they will help deliver completions on smaller sites and maintain housing supply in the short term before the larger strategic sites come forward. We welcome both.

Policy S5 – Parish Housing Sites

Parish housing allocations comprise 500 dwellings and paragraph 4.26 of the Plan says they have been distributed amongst the settlements in accordance with their ranking in the settlement hierarchy.

However, we are concerned that the proposed distribution does not in fact do this. For instance according to the Settlement Hierarchy background paper (see table on page 6) Hunston and North Mundham/Runcton rank almost equally in population (Hunston is 17th with 1,257 population and North Mundham/Runcton is 18th with 1,201 population) and Hunston has 9 facilities compared with 8 at North Mundham/Runcton. But Hunston is allocated 200 units as a strategic allocation and North Mundham has only 50 as a parish housing allocation.

We therefore propose a more equal distribution between Hunston and North Mundham/Runcton with 125 dwellings each in Policy S5. This would better reflect their almost equal ranking in the Settlement hierarchy background paper. The 125 dwellings at Hunston could all be accommodated as extensions to the existing built up area without impacting on its overall character. The same

couldn't be said for an allocation of 200 dwellings especially if a single site option was selected.

On the basis that a dispersed strategy is accepted for Hunston with a reduced allocation of 125 units, 2ha of land adjacent to the existing settlement policy boundary of Hunston is available at Farmfield. The land has an existing access onto the Selsey Road and is immediately available. It could deliver around 50 dwellings and contribute to the needs of Hunston in the early part of the plan period.

S24 Countryside

Policy S24 deals with countryside and settlement policy boundaries. Not all settlements however are proposed for a settlement policy boundary review in the Local Plan and this includes Hunston. Boundaries not included will be reviewed through a subsequent Site Allocation DPD or a Neighbourhood Plan Review.

According to the Local Development Scheme the Site Allocation DPD will not be adopted until July 2022 and the timetable for other Neighbourhood Plan reviews will vary. We have no information on when the Hunston Neighbourhood Plan might be 'made' as it is still at an early stage of preparation.

We therefore object to the way the settlement policy boundary reviews are proposed to take place in the Plan. We prefer an earlier boundary review for all settlements in the Plan. A boundary amendment now could increase the supply of windfall sites in an urban area and reduce the requirement for new greenfield allocations in the later DPD or Neighbourhood Plan. A boundary amendment now could also secure benefits from redevelopment opportunities of previously developed sites or other appropriately located sites especially where they abut an existing boundary and relate more to a built up area than the surrounding countryside.

However if boundary reviews of all settlements are not to be made in the Plan we would request policy wording to the last sentence of S24 be amended as follows:

'Defined settlement boundaries may be altered by a future development plan document and/or a neighbourhood plan. In the interim, where a boundary amendment is justified against the key requirements of the settlement boundaries background paper that should be regarded as a material consideration in connection with the submission of any planning application'.

(Continue on separate sheet if necessary)

What improvements or changes would you suggest?

Policy S4 - The Plan needs to include a housing trajectory of the strategic allocations to assist future monitoring of housing delivery as suggested by paragraph 73 of the NPPF2.

Policy S5 - The housing distribution amongst the parishes needs to be reconsidered to reflect the ranking of settlements in the Hierarchy background paper. In our view a more equal distribution for Hunston and North Mundham/Runcton would be justified given their similar performance in the hierarchy of population and available facilities. We believe each settlement could accommodate 125 dwellings.

We propose the revised wording to policy S24 as above.

(Continue on separate sheet if necessary)

Declaration

I understand that any comments submitted will be considered by Chichester District Council in line with this consultation and will be made publicly available on their website www.chichester.gov.uk and may be identifiable by my name or organisation, if provided.
