No (research) evidence to suggest that Hunston is only needs social as a village needs 200 houses. housing
That the area south of the A27 cannot bear the overload of proposed development which has been foisted upon it due to the North of Chichester arming itself with protection against development. The character of Hunston will be adversely affected by being enlarged by road. Hunston functions well currently but has no infrastructure allowing development. (Continue on separate sheet if necessary)

What improvements or changes would you suggest?

Looking at the North & South together of Chichester together in terms of the local economy. The South brings the greatest economic prosperity to the whole population due to its Tourist industry. Hunston has a lot of prime farmland. IF built on, how will this impact on food & environment? Do a survey on the occupancy state of all the second homes in the area. (Continue on separate sheet if necessary) If second homes are under occupied, should they not be purchased rather than build more houses.

I understand that any comments submitted will be considered by Chichester District Council in line with this consultation and will be made publicly available on their website www.chichester.gov.uk and may be identifiable by my name or organisation, if provided.

The proposed development is on existing high grade arable farmland. We need ~~the~~ increasingly need more farmland in this country & area. The Copse & fields to the Copse are a prime (walking) amenity in Hunston. The Copse if it was to be properly managed is an important environment for a variety of species of flora & fauna. 15 years ago a Nightingale resided in the Copse & 20 years ago I found Herb Paris (3* in Collins) in the Copse. (Continue on separate sheet if necessary)

What improvements or changes would you suggest?

Look at alternative sites if you really must develop in Hunston. The Copse (important bluebell site English is threatened now by poor management, would be even more threatened by a nearby development. (Continue on separate sheet if necessary)

Enter your full representation here giving details of your reasons for support/objection:

The Proposed development of 200 Houses in Hunston will have a huge impact on ^(400 cars) roads which cannot adequately support the existing traffic load. The B2145 is one of the busiest B roads in the country & its exit on to the A27 at busy times causes massive delay. This is harmful to the local economy. (Continue on separate sheet if necessary) because the A27 is also massively overloaded with traffic.

What improvements or changes would you suggest?

Less houses means less traffic. The roundabout north of Hunston where B1266 & B1245 meet cannot cope with existing traffic let alone any increase.

(Continue on separate sheet if necessary)
