The plan for new housing in Hunston is completely unacceptable:-

- This is an unfair allocation of housing in comparison to other localities. It would increase the size of the village by 35-40% and fundamentally destroy the character of the community.

(Continue on separate sheet if necessary)

What improvements or changes would you suggest?

- A smaller allocation to Hunston with fairer distribution to other localities, e.g. North Mundham.

(Continue on separate sheet if necessary)

- The B245 is the 4th busiest B road in the UK. It is already heavily congested and is difficult to turn onto in Hurston. It also makes access to the Selsey Peninsula extremely slow, especially in summertime. The road cannot support more traffic and pollution. The plan for new housing in Hurston is completely unacceptable. **TRAFFIC**

(Continue on separate sheet if necessary)

What improvements or changes would you suggest?

- Identify other locations and agree a smaller number of new houses which will not impact the B245 so badly

(Continue on separate sheet if necessary)

The plan for new housing in Hurston is completely unacceptable:-

- The destructive impact on local wildlife will be considerable.

There is an area of designated scientific interest called Hurston Copse which will be lost to local residents behind the new proposed site. We moved to Hurston for green space and nature, not to become an urban area connected to Chichester! (WILDLIFE) (GREEN SPACES)

(Continue on separate sheet if necessary)

What improvements or changes would you suggest?

- Find an alternative site(s) which would not change the rural character of Hurston and take away the natural habitats which we all enjoy. See Hurston Parish Local Plan for better proposals that would be acceptable to the people of Hurston.

(Continue on separate sheet if necessary)
