HUNSTON VILLAGE. 200 new homes (one estate!) would change the nature of our community into a dormitory suburban environment as Hunston and N. Mundham would be linked by new homes, instead of by areas of rural land which provides a valuable recreational amenity. (Continue on separate sheet if necessary)

What improvements or changes would you suggest?

Keep the number and concentration of new houses to an acceptable level which avoids turning our cohesive village community into a suburban enclave. (Continue on separate sheet if necessary)

ENVIRONMENT. Large scale development on good agricultural land will seriously impact on the wildlife habitat which links to the ancient woodland at Hunston Copse.

(Continue on separate sheet if necessary)

What improvements or changes would you suggest?

Keep housing development in Hunston and surrounding areas in small areas which can integrate into the semi rural village community.

(Continue on separate sheet if necessary)

Traffic volume. Increasing development on the Manhood peninsula will only add to serious congestion thru' our village, but especially at the A27 junction with the B2145. We have already seen increased congestion due to the C.F.S. traffic.

(Continue on separate sheet if necessary)

What improvements or changes would you suggest?

Limit the scale of further housing on the B2145 corridor.

(Continue on separate sheet if necessary)

Flood Risk! We already have problems with surface water drainage and sewage overload. 200 new homes will add significantly to these problems.

(Continue on separate sheet if necessary)

What improvements or changes would you suggest?

Reduce new homes especially large concentrations of dwellings.

(Continue on separate sheet if necessary)
