

Consultation Response A13 DPD

4.11 Generally Yes

The inclusion of self/custom build in (para 4.6) is welcomed. Ideally, we would prefer to see a greater commitment than the emerging Local Plan Review uplift to 5% (Main Modification CM165 and CM 344) setting out 53 plots.

Currently in the emerging Local Plan self/custom build on A8, A10, A11 and A13 targets 112 plots. 53 on A13 therefore represents the largest allocation and therefore deserves particular focus.
